

## Icemakers

Solid cube production system, available in 9 combi model sizes from 20 kgs to 155 kgs production per 24 hours. Modular & bin configurations giving 24 hour production of up to 400kgs. Ice flaker models available also.

## Bottle & Wine Coolers

Many sizes available. Choice of black / brown, silver & stainless steel finishes. Self closing, sliding or hinged lockable doors, interior lighting, wine shelving option.

## Stainless Steel Back Bar Counter & Racking Systems

All stainless steel standard & customised systems available.

## Draught Beer T-Bars/Dispensing Fonts & Drip Trays.

Selection of single & multi-tap fonts. Option of chrome & brass finishes.

## Water Softeners

Automatic salt & resin based water softeners dramatically reduce lime scale levels providing protection to all equipment being supplied & reducing service intervals.

## Keg Scales

A range of mechanical and digital keg scales, graduated in pints / litres. Tare feature for all types of kegs. Design eliminates need to lift kegs during weighing process.

## Chemical Supplies

Glasswash Detergent, Dishwash Detergent, Dishwash Powder, Rinse Aid, Sanitising Powder Machine Cleaner, Glass Renovator.
